

## Year 2 Summer Term 2 - Week beginning 29<sup>th</sup> June 2020

Here are some activities for this week. We do not expect that the children will complete everything. We have tried to include both online and paper activities for most subjects. You could do either or both - please feel free to choose which is better for your child.

Online activities will have this icon 

Those activities which don't need a tablet or computer will have this icon 

### Discussion

Describe this setting.

Who lives here? Is there more to this place that we can't see?

Why are there so many archways and walkways?

Who is in charge here?

Is this in the past, present or future?

Would you like to visit this place?

### Reading

Try to read every day. You can use the same book more than once as this will help your fluency.

There are also ebooks on the Book Trust website. <https://www.booktrust.org.uk/books-and-reading/have-some-fun/storybooks-and-games/>

There are lots of books for each Book Band on Oxford Owl. <https://www.oxfordowl.co.uk/for-home/find-a-book/library-page>

Mrs Gurr has recorded some stories for you to enjoy. You will find these on Youtube <https://www.youtube.com/channel/UClY0eytx9CPK-L7-QLuKuhA>

### Maths

Please see the attached sheet for a number of Maths websites.

### Science/Geography

This week we are going to start to learn about Rainforests. Watch this video.

[https://www.youtube.com/watch?v=KMdD6TTDZ\\_g](https://www.youtube.com/watch?v=KMdD6TTDZ_g)

or you could look at different books and websites (with an adult)

Write down some facts you have found out about Rainforests.

Remember to start each fact on a new line. Remember full stops and capital letters.

## Spelling

Our spellings this week are suffixes. Look at the root word and the ending. Has anything changed?

slowly  
lovely  
sadly  
quickly  
softly  
suddenly

You could practise these every day using Look, Cover and Check.

## Grammar/Writing (after the Science activity)

We are thinking about questions and question marks this week. Think about question words. Make a list of question words (e.g. *who, what, where, when, why, can*)

Think about some questions you would now like to find out about the rainforest.

<https://www.bbc.co.uk/bitesize/topics/zrqqtfr/articles/z2xdng8>

## Geography

Where do we find rainforests? Use the internet to search for a map showing rainforests. What do you notice?

## Education City and Purple Mash

You can continue to access Education City as normal but we have not set specific challenges for this week. Well done to everyone who did the Purple Mash 2Do's over the past few weeks. There are 3 more for this week.

**Rainforest** - After you have done your research write us a postcard to tell us about some of the things you could see in the rainforest.

**Art** - See if you can find out what a poison dart frog looks like. Make the frog look like that by using the correct colours and patterns.

**Maths** - Speed Test Game - See how quickly you can answer the questions for the 5x table. You can play more than once to see if you can beat your score!

We will be able to see how you get on and will mark your work on Purple Mash.

You can also upload a photo of any other learning you have done onto Purple Mash. We will send you feedback on your learning.

Have fun and try your best!

Mrs Duncan, Mrs Hamer-Hodges and Miss Dixon
